UNIQUE IN EVERY DETAIL

TRUE TO MANSORY'S HERITAGE, ALL EXTERIOR AND INTERIOR COMPONENTS OF THE GARIA SUPERSPORT HAVE BEEN REWORKED FOR A

HIGHER LEVEL OF QUALITY AND INDIVIDUALIZATION.

FORGED CARBON FIBER, HAND CRAFTED LEATHER, LED-LIGHTING DETAILS AND PINSTripES COME TOGETHER TO CREATE A STRIKING

BESPOKE VEHICLE LIKE ONLY MANSORY CAN.

MANSORY GARIA SUPERSPORT EXTERIOR

The front section has undergone extensive modifications and features a new central grille section with a light-up MANSORY logo. Down below, an aggressive lower diffuser, featuring pronounced vertical fins gives the car a distinct look. The completely reshaped carbon fiber fenders transition seamlessly into the side skirts, optically widening the track and giving the vehicle an exceptionally stable and powerful stance. The monolithic appearance of the dark forged carbon is sophisticatedly accentuated by precise contrasting details.

MANSORY designers have applied subtle pinstriping in a striking red hue, which traces and highlights the signature-lines of the front fascia, fenders, and side skirts. The open sides, characterized by the absence of doors, are crowned by a rigid, aerodynamically shaped roof resting on slender pillars with a prominent spoiler at the back. While the exterior is mainly defined by its forged carbon theme, the inside is finished in the same contrasting red, creating a seamless visual transition into the bespoke upholstered interior, perfectly blending interior and exterior.

MANSORY GARIA SUPERSPORT INTERIOR

The bespoke interior elevates the driving experience through exceptional craftsmanship and uncompromising attention to detail. Premium materials, handcrafted upholstery and precisely coordinated design elements transform the cabin into a luxurious environment where comfort, technology and exclusivity exist in perfect harmony. Every surface has been individually refined to embody the signature MANSORY standard of personalization and quality.

GARIA SUPERSPORT

The interior is enhanced by an illuminated starlight headliner, adding an unmistakable sense of exclusivity when driving in the dark. Together with the bespoke upholstery and coordinated color palette, it transforms the cabin into a truly unique MANSORY creation.
