

The ultra-light and high-strength CFK-Prepreg material normally is only used in aviation and aerospace, MANSORY using the autoclave-prepreg-method, the carbon is compressed so strongly in a special pressure chamber that no more air inclusions remain in the material, resulting highest and exclusiveness quality of automobile parts manufacture.

RENOVATIO Style	description	Art.No.
	<p>Front spoiler,</p> <p>Material: CFK exclusive aerodynamic designed front spoiler with integrated Xenon lights and air grid intakes. Included kit for OEM Engine bonnet</p> <p>available in special paintings on customers requests, on inquiry</p>	<p>199 100 100</p>
