LIMITED EDITION

3 ILLIONAIRE

OVERVIEW 2019

last update 03 / 2019

The strictly limited customization programme for **Rolls-Royce Cullinan**

MANSORY™ present "THE WHISPER OF ECSTASY"

Rolls-Royce Cullinan x BILLIONAIRE Limited Edition One of One.

MANSORY™ the globally known SUPERCAR modification firm collaborates with the luxury label BILLIONAIRE, to an outstanding limited edition of the Rolls-Royce

Cullinan. The finest materials, as well as opulent refinements for the interior, reflect the unparalleled, magnificent style of the BILLIONAIRE brand.

In order to fulfil the highest expectations in terms of quality and aerodynamics, the designers have given the front of the vehicle a completely new design. Larger air intakes on the re-designed front spoiler, in conjunction with a new carbon fibre bonnet, give the

distinguished Briton a much more dynamic appearance. The partial use of visible carbon fibre enhances the sporty modern, confident look. But the flanks and the rear have also been redesigned: The MANSORY™ side skirts have been modelled so that they calm the

airflow along the sides and give the SUV coupe a lower, more stretched appearance. To reduce the lift on the rear axle the MANSORY designers adapt an elegant spoiler lip to the original boot lid and combine this with the rear spoiler which has also been redesigned.

Interior

For the interiors: High-shine painted surfaces simply dazzle in the cockpit, perfectly complementing the leather from bred crocodiles on the instrument panel and seats.

Hand-crafted embroidery in the floor mats and the headrests provide additional touches. This all adds up to create an assured style with the perfect symbiosis between luxurious flair and lifestyle.

The elegant paintwork in matt black and silver also underline the unique character of "THE WHISPER OF EXCTASY".

WHEELS

Type S.23, size 24 inches Rims. The particularly light, forged wheel can also handle high loads thanks to the special aluminium alloys used. **For optimal results, MANSORY recommends high-performance 295/30R24 tyres for the front and rear axles.

Limited Edition One of One
